Fax-A-Check:

Fax-A-Check is a very fast and most efficient way to get a check to us! Faxing your check saves time and postage on US Mail. Faxed checks clear the bank in about 6 business days from anywhere in the US!

How To Fax-A-Check:

Just write your check, in the normal way, payable to Sign Stuff, Inc. , in the full amount of the order, including shipping and sales tax (if a Michigan non-exempt resident).

FAX it to us at our FAX number: 1-734-531-0750.

Keep the faxed check for your records. Your bank statement will show an authorized EFT payment.

You'll save mailing time and postage. We will print it and deposit it and it will clear your bank in 3 to 6 days. It will enable us to build and ship your sign faster than otherwise. The choice is yours. Note: You don't have to mail the check at all, just fill it out normally and fax it to us. Keep the original for your records.

If sending check US Mail use the following address:

**Sign Stuff, Inc.
13604 Merriman Rd
Livonia, Michigan 48150**

Please note that check payments must clear the bank before shipments are made. Cashier's checks, teller checks and money orders are all treated as "cash" with no waiting period. Faxed checks clear in 3 to 6 business days after day of receipt.
